

Making active efforts

To apply the Aboriginal and Torres Strait Islander Child Placement Principle

When working with you, we must:

- do everything that is practical to do, as soon as possible, to make sure your child is safe and stays connected to their family, culture and community
- uphold your right, and your child's right, to be involved when important decisions are being made.

.....
If you feel we're not making active efforts, you can talk to your Child Safety Officer about what we can do to help you.
